SOLID INFINITY SYSTEM

SOLID INFINITY SYSTEM™ Patent Pending

The SOLID INFINITY SYSTEM™ is a world-first*, systemised storage solution. The capabilities of this waterproof 'chameleon' are only restricted by your imagination!

Ingeniously engineered to take massive weights, this SOLID™ innovation will hold your lawnmower, scuba tank, pushbike, kayak, canoe, paddle board, wave ski, surfboard, fishing rod, wetsuit and more... altogether on 1 single SOLID wall!

Easily applied to any wall, this unique SOLID™ storage solution lets YOU decide how, what and where you store your precious belongings.

As your equipment changes or your family grows, the SOLID INFINITY SYSTEM™ allows complete customisation that is instantaneous and effortless.

The SOLID INFINITY SYSTEM™ is made from waterproof polymer, perfect for outdoor installation, as well as any domestic, retail or commercial space providing limitless applications.

The SOLID INFINITY SYSTEM™ is used and specified by leading architects, builders, designers and engineers.

The SOLID INFINITY SYSTEM™ is also used in retail outlets, surf and rowing clubs, high-rise developments, hospitality, supermarkets, flood prone areas, hospitals, aged care, government, mining and demountable housing.

The SOLID INFINITY SYSTEM™ allows complete customisation that is instantaneous and effortless.

**International Patent Pending*

SOLID INFINITY Support Posts™ Patent Pending

SOLID INFINITY Support Posts™ are engineered to hold massive weights and are available in 1 metre or 2 metre vertical lengths.

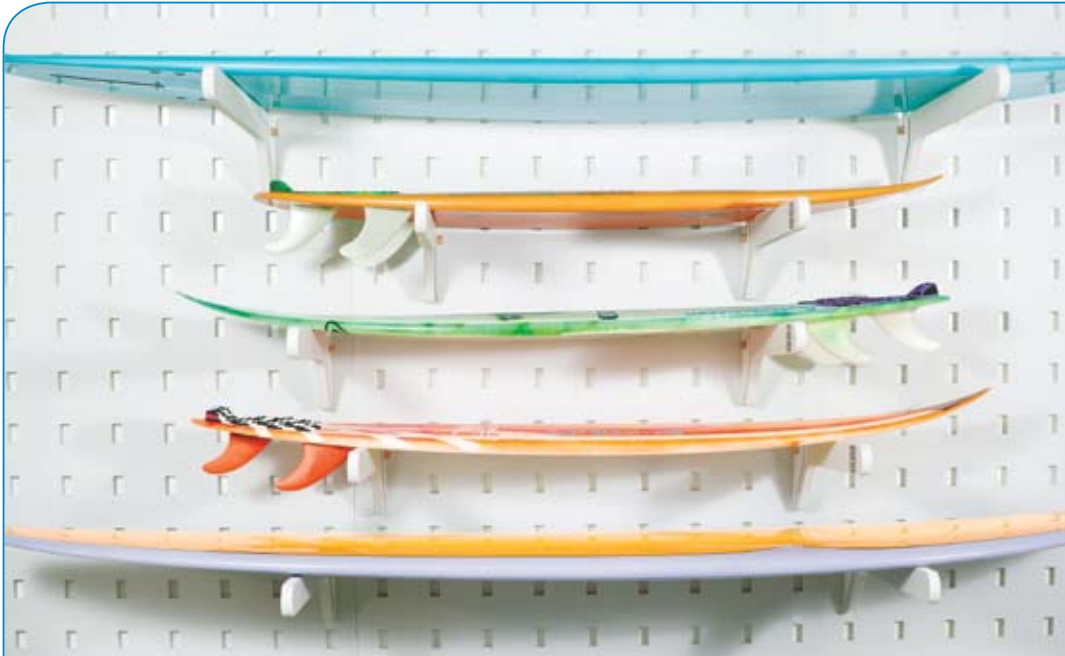

SOLID Support Posts are designed to be used in conjunction with SOLID INFINITY Arms which hold kayaks, canoes, paddle boards, surfboards, wave skis, paddles, fishing rods, wetsuits and more.

SOLID INFINITY Support Posts™ are designed to suit the lowest garage ceiling, cleverly configured to increase in 1 meter intervals.

SOLID INFINITY Support Posts™ are also manufactured in waterproof polymer, ideal for outdoor installation.

Protect and safely house those heavy, cumbersome surf-skis, kayaks, windsurfers, kite-boards, paddle boards, malibu or longboards, fishing canoes and much more.

Available in 3 heights: 800mm high, 1200mm high, 2400mm high.

SOLID INFINITY Slot Wall Strips™ Patent Pending

SOLID INFINITY Wall Strips are 130mm wide x 25mm thick. These SOLID™ storage strips screw flat to your wall and are the perfect solution wherever

space is at a premium. Just add the 25mm thickness to your SOLID INFINITY Arm length to calculate the distance off your wall.

SOLID Slotwall Strips are designed to be used in conjunction with SOLID INFINITY Slotwall Arms and will hold kayaks, canoes, paddle boards,

surfboards, wave skis, paddles, fishing rods, wetsuits and more. The price of the SOLID Slot Wall Arms includes 2 x Metal Brackets for each set of arms.

SOLID INFINITY Slot Wall Sheet™ Patent Pending

This ingenious SOLID storage solution allows you to hang anything, anywhere, anytime! You can adjust it, re-configure it and add to it..... The SOLID INFINITY Slot Wall System will do everything... install it once and use it forever!

The SOLID INFINITY SYSTEM™ allows YOU to become the designer and engineer of your own individual custom storage system. SOLID Slot Wall sheets (Patent Pending) are made from light weight waterproof polymer and can be custom made to size or cut on site by your qualified tradesperson.

SOLID Slotwall Sheets are designed to be used in conjunction with SOLID INFINITY Slot Wall Arms and will hold kayaks, canoes, paddle boards, surfboards, wave skis,

paddles, fishing rods, wetsuits and more, altogether off one single SOLID wall.

SOLID INFINITY SYSTEM Sheets™ are the perfect solution for all retail and building fitouts.

This WORLD 1st* SOLID innovation is also used

to suspend vanity units, entertainment furniture and equipment, filing cabinets, shelving and kitchen cabinets etc. Ideal for medical & hospital and educational facilities, demountable & pre-fabricated housing, government, aged care and high rise building, office, retail and industrial applications.

SOLID INFINITY Slot Wall Sheets are 2400mm x 1200mm x 25mm thick and are perforated for either portrait or landscape installation.

SOLID INFINITY Arms™ Patent Pending

SOLID INFINITY Arms are designed to fit all SOLID INFINITY Support Posts™, SOLID INFINITY Slotwall Strips™ and SOLID INFINITY Slotwall Sheets™.

SOLID INFINITY Arms™ are specifically designed and engineered to safely support a myriad of equipment including: canoes, kayaks, paddleboards, surfboards, wetsuits, fishing rods, paddles, wetsuits, bicycles even

scuba tanks, lawn mowers and garden tools! With more numerous SOLID INFINITY Arms™ under development, this personal storage solution is only limited by your imagination.

Available in various models and lengths, manufactured from light-weight waterproof polymer, SOLID INFINITY Arms™ have been specifically engineered to suit a multiplicity of uses.
