

## **BARTON LYNCH, 1988 WORLD CHAMPION**

"I have been using SOLID RACKS for over a year. I have them in my boardroom, on my deck and also in the house where I want to show my boards off. SOLID RACKS are great, very strong, reliable and a quality product. They were very easy to Install and have been useful in creating space around my house.

I needed SOLID surfboard racks because there were boards laying all around my house and I hated how unorganised they were, now I know where every board is and they are ready for action at all times. I love knowing that they are safe and given the respect the boards deserve.

SOLID RACKS are definitely the best rack on the market and are a must have for any serious surfer".

Yours sincerely,

Barton Lynch

### **Quick Bio**
